SUMMARY

Currently learning **Java Full Stack Development**, with a solid understanding of **Core Java**. I have already gained hands-on experience with front-end technologies like **HTML, CSS, JavaScript, React.js and Bootstrap**, and I am comfortable using **Git and GitHub** for version control. I am continuously building my skills in backend technologies and looking forward to learning **Spring Boot, RESTful APIs**, and **MySQL** as I progress. Eager to apply my knowledge in real-world projects and enhance my problem-solving abilities in a full stack development environment.

PROJECT

Rural Horizon (Career Guidance Website)

- Rural Horizon is a comprehensive career guidance platform designed to support rural students in navigating their educational and professional paths. The website features multiple modules, including career roadmaps for Science, Commerce, and Arts streams, a government exams section, a quiz portal for skill assessment, and a success stories segment showcasing inspiring testimonials. It also includes interactive tools like user registration, an admin dashboard for content management, and feedback and contact forms. Developed using an approach with HTML, CSS, JavaScript, the platform aims to provide detailed career insights and resources to empower students from rural backgrounds.

Personal Portfolio Website-

- **Technologies Used:** HTML, CSS, JavaScript.
- **Description:** Developed a personal portfolio website using HTML, CSS, and JavaScript to showcase skills, projects, and contact information. Implemented a responsive design for seamless viewing on different devices. Integrated interactive elements and form validation to enhance user experience

Hospital Management System

- **Tech Stack:** Java, JDBC, MySQL, OOPs
- **Description:** Designed and developed a console-based Hospital Management System using Java. Implemented core modules such as patient registration, doctor details, and appointment booking using Java and JDBC for database connectivity with MySQL.
- **Key Features:**
 - Add, view, and manage patient records
 - View available doctor details
 - Book appointments dynamically
 - Data stored and retrieved using JDBC-MySQL integration

EDUCATION

Achievement:

- GATE 2025 Qualified – Secured All India Rank (AIR) 22063 out of approximately 9 lakh candidates in Computer Science.

B.Tech in Computer Science And Engineering

Hi-Tech Institute of Engineering and Technology • Ghaziabad • 2025 • 71%

12th CBSE

E Shan Public School • Azamgarh • 2020 • 65%

10th CBSE

Central Public Academy • Azamgarh • 2018 • 66%

CERTIFICATIONS

Frontend Developer Intern

CodeAlpha • 2024

- My certificate from the frontend internship is highly relevant because it demonstrates my hands-on experience and practical skills in frontend development. Throughout the internship, I completed three key projects that enhanced my proficiency in HTML, CSS, and JavaScript. This experience not only solidified my understanding of frontend technologies but also allowed me to apply best practices in real-world scenarios.

SKILLS

Programming Languages: Java, HTML, CSS, JavaScript
Frameworks & Libraries: Bootstrap, React.js
Backend Technologies: Java Servlets, JDBC
Databases: Oracle, MySQL , PostgreSQL
Platforms: Web, Windows, GitHub, GeeksforGeeks, Netlify
Tools & Technologies: VS Code, Git, GitHub, Git Bash, LinkedIn
